2. Mr. Y. V. Narayana – Asst. Prof – IT
3. Ms. B. Padma Sree – Asst. Prof - S&H

Dear Readers,

Its high time that we all have to upgrade ourselves to the new age emerging technologies...!

As digital transformation continues to accelerate post-pandemic, reacting and responding to change, no matter how agile you are, is no longer good enough. We, the people of IT in specific and VVIT in general shall move ahead and show the torch to all other streams. Every stream now is looking ahead for IT-Enablement, no matter how loosely connected. So dear stakeholders, I envisage it's the Information Technology spawned Social revolution era that extricates geographical barriers and allows every human being to connect emotionally for the progressive futuristic development aiming survival post-pandemic.

Coming back to the ground, its high-time to prove yourself by raising up to the occasion, in learning the course objectives, receiving the programme outcomes and participating in the Social Revolution.

So my dear Readers .....!, before I conclude from my desk...Wish all the outgoing batches of students a prosperous future ahead. I once again remind you all that department of IT is committed to serve all its stakeholders as assured in all the aspects including the quality of News Letter – "ITsIT". I remain.

### **2-Week Online FDP on "Blockchain Technology" at VVIT in association with NITW**

In association with National Institute of Technology, Warangal(NITW), a 2-week online Faculty development program for all aspiring engineering educators, on "Blockchain Technology" has been organized by Vasireddy Venkatadri Institute of Technology, Nambur from 19<sup>th</sup> to 29<sup>th</sup>July 2021, under the aegis of Information Technology and Computer Science & Engineering Departments of VVIT.

Sri Vasireddy Vidya Sagar, Chairman of VIVA-VVIT Institutions, felt that it's a sign of continuous improvement that, the institute is conducting this kind of FDPs in association with higher learning institutes such as National Institute of Technology, Warangal. He said that under the Scheme of Electronics & ICT Academy, sponsored by Ministry of Electronics and Information Technology (MeitY), Government of India, offered this Faculty Development Program in Blockchain emerging Technology. He opined that the objectives of this FDP were achieved by the participants and added VVIT is always a step ahead to conduct this kind of programs to empower the faculty and their students with latest technological facets. Sri Sagar also mentioned that this Blockchain Technology is creating amazing job opportunities, from non-financial banking companies to private firms, in good number, vowing to which AICTE also sanctioning new B.Tech programmes in these emerging technologies.

The Chief Guest and Resource Person Associate Prof. R.Padmavathy, of NITW, informed that during this FDP, the Faculty members were inputted with basics to advanced features related Blockchain Technology. She also mentioned that the FDP has been designed with an optimum mixture of theory and practical sessions, in such a way that it covered all facets of Blockchain technology from cryptographic basics to real time case studies that use Ethereum and Hyper ledger Blockchain variants. She emphasized that with a limited talent pool, Blockchain professionals are high in demand and this FDP is going to throw some good flash light in to the insights of it. Dr. Padmavathy expressed that Digital Ledger Technology (DLT) applications in Blockchain will likely be incremental and instrumental to deal with challenges in financial sector in the nearest future. She commended the efforts of VVIT for organizing this FDP and wished that all participants received the best undoubtedly as all the resources are proven experts in this technology.

The Guest of Honor, Dr. Y. Mallikarjuna Reddy, Principal of the host institute, VVIT, in this regard, informed that this kind of training programs will upgrade the Faculty and quench their thirst towards emerging technologies and will motivate them to pursue constructive

research & development. He emphasized that VVIT is always ready to organize this kind of events to all the aspiring teaching community. Dr. Reddy reminded that VVIT, has a Social Blockchain Team (SBT), working since 2018, that has been formed with a prudent vision to involve the posterities with the core knowledge block chain technology and its burgeoning applications everywhere. This FDP being delivered by the higher learning institute NITW, will definitely equip all the participant with cutting edge technological facets in Blockchain domain, which can be disseminated to their students further. Dr. Reddy strongly urged that every engineering educator must know Blockchain Technology.

Convener of this FDP, Dr. A. Kalavathi, Head of IT Dept, VVIT, said that VVIT is always a step ahead in conducting FDPs every year, for the benefit of their students through the Faculty. He said that the FDP is sizeable for a limited number of faculty members from different engineering colleges across the country. Certificates shall be provided to all successful participants. She also stated that the FDP is a much-awaited one, by many aspiring faculty, to get proper direction in to their research besides upgrading themselves for teaching the new UG programmes on emerging technologies such as B. Tech IoT with Blockchain and Cyber Security. She opined that Blockchain Technology is foundational in nature but level of innovation will be exciting. She expressed her deep felt gratitude towards the ICT Academy of NITW, for accepting and realizing this FDP.

Dr. Kalavathi Alla, thanked the scholarly resource persons from NITW, magnanimous management of VVIT, Er. Sri Vasireddy Vidya Sagar, Chairman of VIVA-VVIT Institutions, Administrative Secretary Sri S. Badari Prasad, Academic Secretary Sri M. Srikrishna, Principal Dr.Y. Mallikarjuna Reddy, Professor & Dean of Administration Dr. N. KumaraSwamy, Dean of Academics Dr. Giribabu Kande and all the faculty of CSE and IT for materializing this event in to reality.

Prof R. Padmavathy of NITW, faculty members from various colleges, Dr. A. Kalavathi, HOD-IT, Dr.R. Eswariah, HoD-CSE, all CSE and IT faculty members of VVIT participated in the Inaugural and Valedictory functions of 2-Week Faculty Development Program on “Blockchain Technology”, from 19<sup>th</sup> to 29<sup>th</sup> July 2021. Participants from various institutes, expressed their feedback on the contents, its delivery, technical ecosystem and deliberation of objectives and praised the organizers and resource persons. The event ended with National Anthem, inciting the National Integrity.

### **Mrs.CM Suvarna Varma, Assoc.Prof - IT faculty gets PhD from Gitam University**

Mrs. C M Suvarna Varma, Associate Professor in the Department of Information Technology of Vasireddy Venkatadri Institute of Technology has been conferred with the award of the Degree of Doctor of Philosophy (PhD), in Information Technology from Gitam University, Visakhapatnam. Sri Vasireddy Vidya Sagar, Chairman of VIVA-VVIT Institutions, informed that Mrs. C M Suvarna Varma, achieved the degree from the Gitam (Deemed to be University), Visakhapatnam, in the area of Faculty of Engineering, for her thesis entitled “Incremental Partial Periodic and classified high utility item set mining over medical datasets”, under the Supervision of Prof. Y. Srinivas on 20<sup>th</sup> August 2021.

**Mrs. C M Suvarna Varma**  
**Associate Professor**

Mrs. C M Suvarna Varma did her Bachelors in Technology from Jawaharlal Nehru Technological University, Hyderabad, in Computer Science & Information Technology, and Master’s Degrees in Technology from Jawaharlal Nehru Technological University, Kakinada in Computer Science & Engineering and Masters in Business Management from Sikkim Manipal Univeristy, Hyderabad in Information Systems. She has been an active and innovative researcher and published several path-breaking research papers in the top-tier International Journals and attended international Conferences in Dubai and Singapore.

On this occasion Sri Vasireddy Vidya Sagar, Chairman of VVIT, outlined that the institute has been equipped with abundant research facilities to create very conducive environment for their faculty members as well as students.

Mrs. C M Suvarna Varma, in this regard, modestly mentioned that the work done by her can be augmented as a significant technical support in identifying knowledgeable patterns in exponentially growing medical fields which is a challenging task for today's scientific community.

Dr. C M Suvarna Varma thanked her parents, family & friends for providing all the required impetus needed to continue her education. She also thanked her teachers and supervisors for their guidance during the research. She expressed her sincere gratitude to the Management, Dr.Y.Mallikarjuna Reddy, Principal of VVIT for the constant support extended and facilities provided.

**Student Placements**

“Everyone counts” is the mantra of VVIT for Training & Placements Cell. The students of IT in their 7/8 semester of study itself got offer letters from reputed companies. It shows the commitment of the Institute, dedication of Department and potential of IT students. The placed students, includes advanced learners, average earners and even diffident learners.

The packages and roles that these students offered by the MNC's companies, prove that they have achieved the graduate attributes. The lesson plans of individual courses through projects, laboratory viva voce examinations through company technical experts interview are meticulously planned with a missionary zeal by the system as a whole in VVIT in general and Department of IT in specific for the holistic improvement and benefit of its stakeholders.

### **Department Vision:**

To produce IT professionals who can develop globally competitive and socially useful information technology enabled solutions and products that offer cost effective solutions, for organizations, in particular and society in general, through their innovative ideas, and to create a knowledge pool through research in this field.

### **Department Mission:**

1. Producing information technology professionals for the Global IT industry.
2. Developing student centric and qualitative teaching-learning practices.
3. Establishing infrastructure that endows cutting edge technology requirements of the industry.
4. To extend service to the public, the state and the nation at large by building quality engineers.
5. To carve disciplined and socially, technologically better responsible citizens.
6. To make the students pursuing information technology the technological ambassadors of VVIT in whatever part of the world they find themselves in their future careers.

### **Program Educational Objectives (PEO'S):**

#### **PEO-1: Solid Foundation and Core Competence**

To provide the graduates with concrete base in Information Technology, to pursue higher studies and to succeed in industry / technical profession with global competence by imparting acute technical skills like designing, modelling, analyzing and problem-solving on top of solid foundation in mathematical, scientific, computing and engineering fundamentals.

#### **PEO-2: Employability & Research Spur**

To train the graduates for a higher degree of employability in both public and private sector industries at national and international level by imparting ability to Re-learn and innovate in ever-changing global economic and technological environments and to contribute effectively in research and development.

#### **PEO-3: Professional Skills and Societal Contribution**

To inculcate the graduates to have basic interpersonal skills, effective communication skills to teamwork/ lead in multidisciplinary approach, under diverse professional environments by handling critical situations through lifelong learning with an ethical attitude( administrative acumen) and an ability to relate engineering issues to broader social context.

#### **PEO-4: Real World Competency & Innovation**

To enable students with good scientific and engineering breadth and technology skills so as to comprehend, analyze, design, and create novel products and solutions for the real life problems to emerge as researchers, experts, educators & entrepreneurs.
